

5TH ANNUAL AMERICAN
DENTAL IMPLANT
ASSOCIATION

MIAMI

Symposium

SEPTEMBER 9-10, 2011
HYATT REGENCY MIAMI

PHONE: 305.944.9636
FAX: 305.944.3046

Dear Colleagues and Friends,

It is with great pleasure to invite you to attend the 5th Annual American Dental Implant Association Symposium held in beautiful Miami, Florida at the Hyatt Regency Miami Hotel. This 2 day program (with an optional day of pre-symposium workshops) will begin on September 8, 2011 with half and full day Pre-Symposium Workshops. The Scientific Session will begin on Friday, September 9, 2011 with highly experienced clinicians lecturing on the most updated topics in Esthetics, Removing Stripped or Broken Screws from Dental Implants to Bone Grafting for Dental Implants to name a few. Saturday, September 10, 2011 will be another day full of interesting and knowledgeable lectures that will enhance your understanding in implant dentistry. This symposium will also expose you to over 70 exhibitors offering the latest, cutting edge products and services.

This program will offer wonderful opportunities to network, exchange information, find solutions and socialize with colleagues and friends from around the world. Upon completion, you, the participant, will be able to understand the most up to date concepts in surgical techniques, graft materials and the newest products available to you in the field of implant dentistry.

Our Team will be there to assist you further in your implant education and advise you on all that Miami's dining, shopping, entertainment and sightseeing has to offer. Prepare for a weekend of fascinating, challenging, educational and thorough enjoyable experience.

We extend a warm welcome to all participants, team members and their families and thank you for your continued support!

Sincerely,

Arun K. Garg, DMD
President
American Dental Implant Association

PRE-SYMPOSIUM WORKSHOPS

“Extraction and Immediate Implant Placement: Single Tooth to Full Mouth Reconstruction”

Charles A. Babbush, DDS, MScD

Time: 8:30am - 12:30pm..... Tuition - \$295.00 - Credit Hours: 4 CEU

Extraction and immediate implant placement has become one of the hottest topics in implant dentistry. The workshop will feature this concept ranging from single tooth to full mouth reconstruction. The latest implant design, NobelActive, will be used to demonstrate these techniques as used in over 2500 implants. Guidelines and protocol developed over the last 20 years for immediate implant placement will be presented. A large series of cases will be used to demonstrate this concept in a step-by-step fashion from diagnosis, to surgery, to prosthetic reconstruction and follow-up. A series of statistics will also be presented to document the efficacy of extraction and immediate implant placement; which will include the All-On-Four procedure.

“Missed Diagnosis Using Conventional 2D Radiography”

Dr. Daniel McEowen

Time: 8:30 am - 12:30 pm..... Tuition - \$99.00 - Credit Hours: 4 CEU

The availability of 3D CBCT systems has increased the accuracy of our diagnosis over the use of other forms of 2D radiography including digital periapicals and panoramics. The inherent distortions and limitations of these types of 2D radiographs make it much more difficult to complete an accurate diagnosis of the case. Some of these limitations include: elongation and foreshortening of the target tissues, overlap of structures either in front of or behind the target tissues, tissue density that is not easily interpreted in bone or soft tissues and the inherent differences in resolution in many types of film and digital receptors.

Dr. Daniel McEowen's workshop is sponsored by:

PRE-SYMPOSIUM WORKSHOPS

“Hands-On Implant Placement And Bone Management - With Cadaver Specimen Workshop”

Dr. Arun K. Garg

Time: 8:00am - 6:00pm..... Tuition - \$2,800.00 - Credit Hours: 9 CEU

Place: Off-site Clinic (transportation will be provided from the hotel)

In this accelerated surgical lecture and workshop program, participants will gain the confidence and knowledge to perfect:

- Bone Grafting including Ridge Preservation
- Bone Harvesting
- Maxillary Sinus Grafting
- Soft Tissue Management
- Use of Ostetomes
- Block Grafting

Plus, learn more about:

- Hard and Soft Tissue Management
- Use of Piezo Technology for Surgery
- Use of Growth Factors

“Managing Atraumatic Extraction Techniques”

Dr. Dwayne Karateew

Time: 9:00 am - 12:00 pm..... Tuition - \$195.00 - Credit Hours: 3 CEU

Atraumatic is the first and perhaps one of the most critical steps in the pre-implant surgical phase of treatment. Careful preparation of the soft tissues and reliable methods to atraumatically remove the hopeless tooth will be reviewed and demonstrated in a hands on (model) method.

Preservation of the surround alveolus is of paramount importance and every method must be at the clinicians side in order to facilitate this.

Dr. Dwayne Karateew's workshop is sponsored by:

FEATURED SPEAKERS

Dr. Katya Archambault has been in practice for more than 14 years and is dedicated to surgical excellence and professional integrity that extends to her patients and her practice. She maintains a private practice in Canada and also practices in Washington, DC. She has completed a post-doctoral residence program in Implant Dentistry at New York University, College of Dentistry. Dr. Archambault has extensive educational backgrounds in Periodontics, Prosthodontics, gum surgery, TMJ and implantology.

Katya Archambault, DMD

Dr. Charles Babbush received his D.D.S. from the University of Detroit School of Dentistry and his Masters of Dental Science from Boston University. Dr. Babbush completed his Oral Surgery Residency at Mt. Sinai Hospital in Cleveland, Ohio. Currently he is Director of ClearChoice Dental Implant Center” and Clinical Professor of Oral and Maxillofacial Surgery as well as Director of Dental Implant Research at Case Western Reserve University School of Dentistry. He has authored four textbooks; the most recent [Dental Implants: The Art and Science 2nd Edition.](#)

Charles Babbush, DDS, MScD

Dr. Sergio Belmonte has been practicing in Barcelona, Spain since 1994 and graduated from the Universidad Odontologica Dominica in December 1993 as a doctor in dentistry. He holds several credentialing levels in numerous associations and has been working in different universities throughout the Dominican Republic for more than 8 years in implant surgery and forensics. He has written several articles and lectured worldwide on implant dentistry.

Dr. Sergio Belmonte

Dr. Donald Callan has a private practice in Little Rock, Arkansas that is limited to periodontics with an emphasis on tissue regeneration and implant dentistry. He is the Assistant Clinical Professor at the Department of Periodontics at Louisiana State University.

Donald Callan, DDS

FEATURED

Dr. Renzo Casellini is a Master Dental Technologist trained in Switzerland and for the past 37 years has been the owner of the Swiss Quality Dental Ceramics & Dental Implant Studio in Los Angeles, California. He services accounts throughout the US and Internationally. His detailed articles on implants and esthetics have been featured in over 50 professional publications worldwide.

Renzo Casellini, MDT

Dr. Chartier took numerous courses that led her to later teach other dental practitioners the art and science of Botox and dermal fillers. After being exposed to both dental and non-dental courses on the subject, she quickly realized how natural these aesthetic and therapeutic treatments are to dental practitioners. She graduated top of her class from the University of Southern California in 1995. A lecturer since 2007, serves as a peer reviewer for the Georgia Board of dentistry and has been voted America's Top Dentist since 2006.

Michele Chartier, ADD

Mr. Len Conner has almost 35 years of experience in the dental field, including 20 plus years specializing in implant dentistry. As Technical Services & Group Product Manager with Zimmer Dental, Len provides technical and product marketing on all aspects of Zimmer Dental's vast implant product portfolio. With over 300 education programs presented to various groups, study clubs, and company personnel over the years, he has developed a reputation as a knowledgeable speaker both domestically and internationally.

Len Conner, CDT

Dr. Jason H. Goodchild, DMD is a graduate of Dickinson College in Carlisle, Pennsylvania. He received his dental training at the University of Pennsylvania School of Dental Medicine where he still holds a faculty position as Clinical Associate Professor in the Department of Oral Medicine. Dr. Goodchild has published numerous articles on eternal sedation, oral medicine & pharmacology. He is also the reviewer for the Journal of the American Dental Association, General Dentistry & Quintessence International.

Jason H. Goodchild, DMD

Dr. Jack Hahn is a well-known Pioneer in the field of implant dentistry. He brings more than 38 years of implant expertise to his patients and his worldwide lectures. Dr. Hahn maintains a private practice in Cincinnati, Ohio. Dr. Hahn is committed to treating dental implant patients as well as educating other dental professionals. He has developed a dental implant system for Nobel Biocare called "Replace."

Jack Hahn, DDS

SPEAKERS

Dr. Dwayne Karateew currently maintains a high-end boutique style solo practice in Vancouver, Canada concentrating on implant assisted dental rehabilitation and aesthetics. His formal dental education was at Columbia University in New York City. He then did a year-long AEGD at the Columbia-Presbyterian Medical Center in New York. He has served on the faculties of the Univ. of Washington, in post-graduate Prosthodontics and post-graduate Periodontics as the Director of Implant Surgery.

Dwayne Karateew, DDS

Dr. Gregori Kurtzman has a general practice in Silver Springs, Maryland. He has lectured both nationally and internationally on the topics of Restorative Dentistry, Endodontics, Implant Surgery as well as Prosthetics, Removable and Fixed Dentures and Periodontics. He has over 200 articles published and honored annually as one of the Top Educators in CE by Dentistry Today since 2006.

Gregori M. Kurtzman, DDS

Dr. Craig M. Misch received his postgraduate certificates in prosthodontics and oral implantology as well as a Master of Dental Sciences degree from the University of Pittsburgh. Dr. Misch acted as Co-Director of the University of Pittsburgh Oral Implantology Center until he entered specialty training in oral and maxillofacial surgery. He has published and lectured extensively on the topics of reconstructive surgery, bone grafting and implant surgery. He currently practices as a dual specialist in Sarasota, Florida.

Craig M. Misch, DDS, MDS

Dr. William D. Nordquist has practiced dentistry in San Diego California since 1973. This research includes, Implant Brace, the orthopedic application of the CEI, fluorapatite a grafting material used to prevent and/or treat infection around dental implants, and The Actual Tooth Replacement (ATR) implant which is an alternative to root canal therapy and immediate placement and function dental implant.

William D. Nordquist, BS, DMD, MS

Dr. Julian Osorio, originally from Colombia, South America, received his DMD in 1979. He completed his post-graduate training in Prosthodontics in 1983 and received a Master of Science in Dentistry in 1984 from Boston University. Currently, Dr. Osorio holds a position as Assistant Clinical Professor in the Department of Prosthodontics and Operative Dentistry at Tufts University School of Dental Medicine, where he has been on the faculty since 1984.

Julian Osorio DMD, MScD

SCIENTIFIC SESSIONS

FRIDAY, SEPTEMBER 9, 2011

- 7:45 - 8:00am** Dr. Arun K. Garg, DMD - "Opening Remarks"
- 8:00 - 9:00** Dr. Jack Hahn, DDS - "Implant Treatment Solution for Today's Economy"
- 9:00 - 10:00** Dr. Don Callan, DDS - "Gingivitis, Periodontitis, Peri-implantitis and Systemic Links"
- 10:00 - 11:00** Dr. Gregori M. Kurtzman, DDS - "Advances in CAD/CAM Prosthetics for Over-Dentures and Fixed Hybrids and Understanding Bipolar Electrosurgery and its Applications in Implant Dentistry"
- 11:00 - 11:30** Morning Break with Exhibitors
- 11:30 - 12:30** Dr. Craig M. Misch, DDS, MDS - "Maxillary Implant Options: 2, 4, 6, 8"
- 12:30 - 1:30** Lunch with Exhibitors
- 1:30 - 2:30** Dr. Sergio Belmonte - "Implants, Patients, Doctors and Lawyers"
- 2:30 - 3:30** Dr. Charles A. Babbush, DDS, MScD - "Implants 2011: The Art and Science"
- 3:30 - 4:00** Afternoon Break with Exhibitors
- 4:00 - 5:00** Mr. Len Conner, CDT - "A Triage of Techniques for Removing Stripped or Broken Screws from Dental Implants"
- 5:00 - 6:00** Dr. Michele Chartier, ADD - "Botox and Dermal Fillers in Dentistry"
- 6:00 - 7:30** Welcome Cocktail Reception with Exhibitors

SCIENTIFIC SESSIONS

SATURDAY, SEPTEMBER 10, 2011

- 7:45 - 8:45am** Mr. Renzo Casellini, MDT - "Esthetics in Three Dimensions: Simple, Fast, Predictable"
- 8:45 - 9:45** Dr. Katya Archambault, DMD - "CAD-CAM and CT Scan Implication in Implant Surgery. The New Techniques and their Clinical Applications"
- 9:45 - 10:30** Morning Break with Exhibitors
- 10:30 - 11:30** Dr. Julian Osorio, DMD - "Achieving Ideal Esthetics with Patient-Specific Zirconia Abutments"
- 11:30 - 12:30** Dr. William D. Nordquist, BS, DMD, MS - "Innovations for Treating: 1. Severely Atrophic Bone Cases, 2. Ailing and Failing Implants, and 3. Infections Originating from Adjacent Necrotic Teeth"
- 12:30 - 1:30** Lunch with Exhibitors
- 1:30 - 2:30** Dr. Dwayne Karateew, DDS - "Ancillary Implant Preparatory Procedures: Predictable And Successful Atraumatic Tooth Extraction"
- 2:30 - 3:30** Dr. Jason H. Goodchild, DMD - "Pharmacological Considerations for Implant Dentistry"
- 3:30 - 4:00** Afternoon Break with Exhibitors
- 4:30 - 5:30** Credentialing Awards Ceremony

Speakers are subject to change without notification.

GENERAL INFORMATION

Hotel Information:

Our venue will take place at the beautiful Hyatt Regency Miami hotel situated on the scenic Miami River in the heart of downtown Miami and just minutes from world-class shopping, golf and white-sand beaches. The Hyatt has offered our attendees a special meeting rate of \$99 for a single or double. To make hotel reservations please visit our website at www.americandentalimplantassociation.com and click on the link for Hyatt Reservations. If you are unable to make online reservations, please call (402) 592-6464. Make sure you mention the 5th Annual American Dental Implant Association Symposium to receive the special meeting rate!

Accreditation:

The American Dental Implant Association is providing this program in co-sponsorship with Implant Seminars. Implant Seminars is a designated and approved sponsor by the Academy of General Dentistry (AGD). As such, this sponsor's continuing dental education is accepted by the AGD for credit applicable toward Membership, as well as maintenance credits for Fellowship/Mastership credit.

THIS PROGRAM IS APPROVED FOR 14 CREDIT HOURS

Social Schedule:

Welcome Cocktail Reception - Friday, September 9, 2011

6:00 pm – 7:30 pm

This reception is to welcome all delegates, vendors and staff to our program. This is a very popular event and a wonderful time to meet new friends, catch up with old acquaintances and take advantage of the many current and innovative products/services the exhibitors have to offer. Make sure you visit all of them!

Awards Credentialing Ceremony – Saturday, September 10, 2011

4:30 pm – 5:30 pm

Advanced credentials of Fellowship, Mastership and Diplomate will be awarded at this time. This ceremony will take place at the Riverwalk Outside Terrace. For those receiving awards, please dress for the occasion. Men – Business suits, nice slacks and Jacket. Ladies – nice dresses or pant suits. An official photographer will be on hand to capture this significant moment. All photos will then be posted on our website to view and download.
