

2019

San Francisco

WINTER SYMPOSIUM

Dentist & Staff Programs Available

December 7-8, 2019 Pre-Symposium Dec 6, 2019

A man in a blue suit and red tie stands with his arms crossed in front of the Golden Gate Bridge in San Francisco. The bridge is a vibrant orange-red color, and the water below is a deep blue. The sky is clear and blue. The word "WELCOME" is written vertically in large, white, 3D-style letters on the left side of the image.

WELCOME

Dear Members,

It is with excitement and enthusiasm that the International Dental Implant Association is pleased to announce our 15th annual winter Symposium in San Francisco, December 7-8, 2019.

Since 2010 the IDIA has grown to become one of the world's largest professional networking organizations. Affiliated with Implant Seminars, the leading postgraduate dental implant continuing education provider, the IDIA is a unique forum where dentists who have enrolled and completed Dr. Garg's courses, can interact and engage with their fellow colleagues and establish lifelong friendships and invaluable professional contacts.

IDIA Symposia are intended as a mixture of education and entertainment – opportunities to learn about the latest cutting-edge dental procedures, practice management tips and tricks, technological breakthroughs, and to acquire this knowledge in some of the world's most sophisticated and invited settings.

Time spent in San Francisco is unique from one person to the next. The city is full of infinite possibilities just waiting for you. Come explore 49 square miles of beauty, culture and happiness. Our Team will be there to assist you further in your implant education and for you to experience why San Francisco is a postcard-perfect city. Come discover the inner peace of a city rich with culture and prepare for a fascinating, challenging, educational, and thoroughly enjoyable experience! We look forward to welcoming each and everyone of you!

Sincerely,
Arun K. Garg, DMD

A handwritten signature in black ink that reads "Arun K. Garg, DMD".

PRE SYMPOSIUM

THE BUSINESS OF IMPLANT DENTISTRY

Lecture with Joy Millis, CSP
Friday, December 6, 2019 – 8:30am - 4:30pm
Doctor: \$795
Staff: \$195

Marketing, management, and communication skills go hand-in-hand with the clinical skills necessary for providing this life-changing care. Joy Millis is an expert in the business of implant dentistry. She is a professional speaker and practice development consultant—helping dentists grow their practices, train their teams, and influence patients to do the right thing. With more than three decades of hands-on clinical and business results in the field of implant dentistry, Joy has a rich history providing innovative solutions for implant dentistry providers—influencing patients to receive quality care, getting paid without insurance involvement, recovering lost patients, and managing risk.

Joy has earned the National Speakers Association’s highest earned designation of Certified Speaking Professional, CSP, an accomplishment achieved by less than 12 percent of professional speakers in the world. She is also on the visiting faculty of several universities, where she teaches the business of implant dentistry.

Learn how to:

- Find Implant Patients—Everywhere! Marketing that is not only effective, but cost-effective, too!
- Create An Environment That Sells Implants: What would patients buy in your office if no one spoke to them?
- Answer Questions About Dental Implants: What is an implant? Will my insurance cover it?
- Influence Treatment Acceptance Helping patients make great decisions and receive the best care.

Bring your entire team to enjoy this fun-filled full-day event to learn from one of the most inspiring dental team members we know! Joy will give you powerful tools and how-tos for bringing more comprehensive care including implant dentistry into your practice!

- Get Paid Without Insurance Involvement How can you get paid and get patients to go beyond the “max”?
- Coordinate Care Who does what, when and where—without losing patients?
- Manage Risk Everyone’s role in consent, care, documentation and follow-up!

A Piezoelectric Approach to Dental Surgery

Lecture with Angelo Caradarelli, DDS
Friday, December 6, 2019 – 8:30am - 4:30pm
\$995

- Surgical anatomy of the jaws
- Surgical instruments and operative field preparation
- PIEZOELECTRIC Oral Surgery: applications and protocols
- Incisions and sutures
- Gernectomies
- Surgical - orthodontic recovery
- Supernumerary teeth
- Use of drugs
- Complications
- Bone Splitting in narrow ridge

PHLEBOTOMY & PRP COURSE

Lecture with Cathie Ellyn, MSN
Friday, December 6, 2019 – 8:00am - 3:30pm
\$595

While some PRP and Phlebotomy courses do exist, none so expertly combine the two disciplines, emphasizing their interrelated importance. In only a half-day lecture and workshop clinical staff will learn the skills they need and the confidence they require to perform phlebotomy and PRP therapy with ease. The time to acquire these skills is now!

Lecture Review

- Picking the Right Patients: When phlebotomy and PRP are considered beneficial i.e. “the patient checklist.”
- Understanding the Basics: Review of phlebotomy and PRP procedures, equipment and usage
- Safety Protocols: Extracting blood safely in proper storage
- Procedural “Cheat” sheets: On PRP extraction and centrifuge usage, as well as blood collection sites and the “Ten Commandments of Phlebotomy”
- Complications and Emergencies: Dealing with complications and challenges and how any associated risks can be mitigated

Workshops

- Practice drawing blood on fellow course participants (optional)
- Practice drawing blood on mannequin

CBCT SCANNING WORKSHOP: ALL ABOUT CBCT

Lecture with Lisa Dunn and Katya Archambault, DMD
Friday, December 6, 2019 – 8:30am - 4:30pm
\$595

During this course, you will learn how to read CBCT and understand radiation dose from different fields of view. Review anatomy and anatomical variants on CBCT images. Review various position papers in the use of CBCT in the dental specialties Principles of interpretation.

SPEAKERS

PINHAS ADAR, MDT, CDT

Master Ceramist Pinhas Adar studied initially in Tel Aviv, Israel and then completed his internship with Mr. Willi Geller in Zurich, Switzerland. He returned to Israel to complete his Masters degree in Dental Technology. He has over 40 years of experience in all phases of dental laboratory technology. For over 27 years he operated his own private dental laboratory within a multidisciplinary practice and now has a private practice where he practices, teaches and does research in Atlanta, Georgia.

RUTH DELLI CARPINI, DMD

Dr. Ruth Delli Carpini is a 2003 graduate with honors from the University of Pavia School of Dentistry. Gifted with a versatile sense of innate curiosity, her diverse capabilities have drawn her to investigate and be instructed in all disciplines of dentistry, including specialist level endodontics-prosthetics, restorative orthodontics, and surgical-facial esthetics. A self-described "learner at heart," Dr. Carpini is a dentist who is always hungry to learn more while striving to apply what she's learned in her daily practice.

LIZ LUNDRY, RDH

Liz Lundry, RDH has been a practicing Dental Hygienist since 1979 when she graduated from Foothill College in Los Altos, California. She has been an in-office trainer since 1988 and earned her Laser Certification in 2000. As a consultant, Liz works with dental practices all over North America through the JP Institute, providing hands-on technology training including lasers and ultrasonics, integration of nutrition, customized in-office coaching and rigorous post-graduate seminars and workshops. She is a published author, and a veteran clinician. As a speaker she has presented to national study clubs and state meetings. Liz also currently works in a general dental practice that offers state of the art cosmetic and laser dentistry.

JOY MILLIS, CSP

Joy has earned the National Speakers Association's highest earned designation of Certified Speaking Professional, CSP, an accomplishment achieved by less than 12 percent of professional speakers in the world. She is also on the visiting faculty of several universities, where she teaches the business of implant dentistry.

CATHIE ELLYN, MSN

Cathie Ellyn is a surgical coordinator of the University of Miami Department of Oral and Maxillofacial Surgery. She is a registered nurse offering over 30 years experience on healthcare and patient communication, and is recognized for her leadership and organizational skills. Cathie is a graduate of the University of Miami with a bachelor's of Science in Nursing. For the past 16 years she has been involved in the research and clinical uses of PRP.

ANDRE P. SAADOUN, DDS, MS

Dr. Saadoun received his Degree in Dental Surgery from the Faculty of Paris and completed his postgraduate Certificate in Periodontology at the University of Pennsylvania and postgraduate Certificate in Implantology at the University of California Los Angeles. He was an associate Professor in the Department of Periodontics at the University of Southern California. He is also a Visiting Professor at the Hadassah Jerusalem University and is a Diplomat of the American Academy of Periodontology, a Diplomat of the International Congress of Oral Implantology, Member of Honor of the American Dental Implant Association and President of the Recontres Méditerranéennes de Dentisterie. He has received the French Medal of Chevalier de l'Ordre National du Merite. An internationally renowned lecturer in Periodontology and Implantology, Dr Saadoun has written over 150 articles and several book chapters. Dr. Saadoun maintains a private practice in Paris, which is limited to Aesthetic Periodontics and Implant Surgery.

LISA DUNN

Since 2008 our Mobile Imaging Center has become an extension of your practice, while your patients enjoy the fact that you and your practice controls their imagery. If you choose to invest in your own cone beam machine, I will assist you in understanding what will benefit your practice needs. I am also certified in training your team once the purchase is made. From educating you and your team to read 3D scans, understanding GA law in having your scans read by a certified Oral and Maxillofacial radiologist, or purchasing your own cone beam.

RENZO CASELLINI, MDT

Dr. Renzo Casellini is a Master Dental Technologist trained in Switzerland. For the past 37 years has been the owner of the Swiss Quality Dental Ceramics & Dental Implant Studio in Los Angeles, California. He services accounts throughout the US and internationally. His detailed articles on implants and esthetics have been featured in over 50 professional publications worldwide. Dr. Saadoun maintains a private practice in Paris, which is limited to Aesthetic Periodontics and Implant Surgery.

MARINA CAPONIGRO, MDT, EFDA, BEd

Ms. Caponigro has 30 years of combined experience and education in Dental Technology and Dental Assisting in Prosthodontics, Implant and Cosmetic Dentistry. She is a Clinical Master Dental Technician and a certified member of the Digital Smile Design team who has more than 1,000 CE hours in Clinical Dentistry and Dental Technology in the USA and Europe.

ANGELO CARADARELLI, DDS

Graduated with Lode in Dentistry and Dental Prosthetics at the University of L'Aquila in 2007. Specializing in Oral Surgery at the "Sapienza" University of Rome in 2010. He is a Adjunct Professor and tutor at the San Raffaele University of Milan. He is a Scientific Advisor to the Dental Clinic at the Department of IRCCS San Raffaele in Milan (Dean Prof. E. Gherlone). He work in Milan and Isernia, where he practices Implantoprotesis and Oral Surgery. Author of many publications, Speaker in National Congresses on Implantology and Oral Surgery. Member of the San Raffaele Implant Cultural Association, SIMO (Società Italiana Maxillo Odontostomatologica) and member of IAO (Italian Academy of Osseointegration).

KATYA ARCHAMBAULT, DMD

Dr. Katya Archambault is a Board Eligible Oral and Maxillofacial Radiologist from UCLA. She also received a Certificate in Implant Dentistry from NYU after studying for two years from 2007 to 2009. She got her dental degree from Laval University and did a Certificate in Microbiology at that same university. She owns the private practice San Diego Dental Health Center in La Jolla California. She also has an appointment in UCSD as a clinical instructor within the Department of Surgery, Division of Otolaryngology. Her clinical interests are in Pathophysiology and Radiologic interpretation of the Maxillofacial Complex, Maxillofacial Radiology, Sleep Apnea, and Airway Evaluation, TMJ, Soft and Hard tissue reconstructive Surgery, implantology and navigation procedures. She is an international lecturer, published into journals and received several awards over the years. Dr. Archambault is also a member of the American Academy of Oral and Maxillofacial Radiology, Academy of Osteointegration and International Congress of Oral Implantology.
